The above drivers are in the 1<sup>st</sup> Formula Vee practice session; those on the next page are in the 2<sup>nd</sup> session.

From the combined practice times the slowest 26 go into the Race 1, the remainder into Race 6.

The spaces on the back of that grid will be filled by the top finishers in Race 1.

For Sunday's races, the drivers fastest race lap on Saturday will be used to select the slowest 26 to go into Race 14, the remainder going into Race 17 and the spaces on that grid being filled by the top finishers in Race 14.

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

All must run with an unmodified BMW K100 motorcycle engine of 987cc capacity, driving through a live rear axle from a production car and must use a 'control' slick tyre from Yokohama.
