Race 1**15 minutes**

750 Motor Club Locost Championship

The 750 Motor Club Locost Championship is for cars built to the same basic design and using a standard Ford 1300 cc crossflow engine, gearbox and many other standard components. All cars run with a 'control' camshaft from Kent Cams; modifications are limited to a rebore and basic 'blue-printing'. There is also a 'control' tyre, the Yokohama A539 which, being a road-legal tyre, is suitable for both dry and wet conditions. There is free choice of spring rates and anti-roll bars; dampers must be steel-bodied and single-adjustable. Designed to ensure close racing and encourage new drivers into club racing at sensible cost levels the championship has now expanded to a point where 2 grids are necessary at some meetings.

No	Driver	Car Details	Ccs	Hometown	Club

Which Kit? Kit Car Championship

The 750 Motor Club Kit Car Championship is for Genuine 'production' kit cars, front or rear engaged, specifically excluding 'one-off' specials. Chassis and bodywork materials and the design concept may not be changed. Cars must be capable of passing an MoT test. Engines must be production-car based, with a maximum of 3500cc and a separate class (B) for 1800cc Ford Zetec engines. Multi-valve engines are included within limits; engine tuning is restricted and turbos/superchargers are not permitted. Apart from the prohibition of calipers other than cast iron, braking systems are free, but no ABS. Gearbox and diff must be from a production car. Close ratio gears are permitted, maximum 5-speed plus reverse. No limited slip diff or similar. The control tyre is the Yokohama A032R. Rim width is 6" or 7" depending upon class.

Demon Tweeks/Yokohama Hot Hatch Championship

'Hatchbacks', available for sale in the UK (class A cars for at least three years prior to the current season). 'Homologation Specials' are not permitted. There are three classes which include:- up to 1400cc multi-valve, up to 1600cc two valve and 1601 – 2000cc. Equality of performance is maintained by the amount of engine tuning permitted and by the ballasting of winning cars. Engines must be the original (type) fitted to the car; varies from simple 'blueprinting', to changing pistons, valves, carbs & exhaust, dependant upon class. Springs and dampers are free, including coil-overs, provided they utilise the original pick-up points. The original gearbox must be used; close-ratio gears are OK in class A. Final drive ratio is free. LSD or similar is not permitted. All cars run on the Yokohama A032R or 510; rim width is free provided

750 Motor Club Roadsports Championship

If it's a sportscar produced in a reasonable volume, it's probably eligible.

Current makes/marques include Aston Martin, Clan, Ferrari, Ginetta, Jensen Healey, Lotus, Marcos, MG, Morgan, Porsche, Renault, TVR, Triumph and Turner.

There is no more varied a Championship for sportscars in the UK and its split into separate classes based generally on engine capacity/car type.

Engine must be original fitment, but crank, rods, pistons, camshaft, induction and exhaust are free; head mods are permitted; add-on turbos/superchargers are not permitted.

Power outputs will vary between 100bhp in the small class, to getting on for 350+ bhp in the big V8s. Transmission must be a production-car gearbox. Close-ratio gears and LSD are permitted, traction control is not.

'Trump Card' 750 Formula Championship

750 Formula is for lightweight two-seater sports racing cars, originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.

Closed Wheel Allcomers

This non-championship race is open to basically any car which is not a single-seater and includes entries from drivers already competing in other races this weekend for Hot Hatch, Roadsports, Caterhams, the MG Team, plus entries from Sports 1000 and a Ginetta being shared by the Digby brothers. It gives drivers the opportunity to 'test' their car in race conditions and to gain more experience at the circuit

Demon Tweaks/Yokohama Stock Hatch Championship

Demon Tweaks and Yokohama tyres are the main sponsors for the Stock Hatch Championship, which in its 7th year continues to be one of the most popular saloon car championships in the UK. Editorial coverage of the championship is to be provided by Track & Race Car magazine. Modifications are strictly limited to basic rebore and blueprinting along with the use of standard gearbox; ignition systems are 'free'; suspension mods are limited to lowering and uprating of springs and dampers; brakes remain standard with free pad materials; a 'control' Yokohama A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

Demon Tweeks/Yokohama Stock Hatch Championship

Demon Tweeks and Yokohama tyres are the main sponsors for the Stock Hatch Championship, which in its 7th year continues to be one of the most popular saloon car championships in the UK. Editorial coverage of the championship is to be provided by Track & Race Car magazine. Modifications are strictly limited to basic rebore and blueprinting along with the use of standard gearbox; ignition systems are 'free'; suspension mods are limited to lowering and uprating of springs and dampers; brakes remain standard with free pad materials; a 'control' Yokohama A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

750 Motor Club Formula Vee Championship

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. A variety of constructors offer a complete car or a bare chassis and many cars have been converted from Formula Ford 'Kent' chassis. Wings and other aerodynamic aids are prohibited and a minimum weight including driver evens things out. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

THE THEMGT TEAM

with Ridgard Classic Seats

The 750MC are pleased to welcome THEMGTTEAM to our weekend race meeting at Donington Park. This independently run series of predominantly longer distance races, caters for owner- drivers of genuine period historic FIA-GTS cars and other cars built to a similar period specification. Class one welcomes the ex-John Milne/ex-works "Jacobs" MG Midget driven today by James Willis who will have his work cut-out to stay ahead of the WSM Sprite of Tony Wilson Spratt and the Sebring bodied Sprite of Andrew Actman. The remainder of this class is made up of the surprisingly fast and nimble "T" Type MGs including pre-war TB examples. Class two includes two genuine FIA MGAs of Shaun Bromley and the "Sebring" De-Luxe Coupe of Simon Gurney. The potential race winner is likely to be from class three which has several young chargers in genuine period improved FIA MGB race-cars. Oliver Bryant was victor in three of the five THEMGTTEAM races held in 2003, but watch out for the Old Masters; George Edney and Brian Lambert who have both learnt a few things in their many years of competitive racing. The final class is made up of MG related and invited FIA registered cars all running on Dunlop Historic tyres. THEMGTTEAM would like to thank "Ridgard" Classic Seats for providing awards for this event, which is extremely appropriate as many competitors in this group use Ridgard race seats and accessories.

MDS Battery RGB Championship

First introduced in 2001, the 750 Motor Club's RGB Championship is for two-seater cars which must be road legal and capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engine cars currently available from a wide range of kit car manufacturers. The engines must be series-production four-stroke units and may not be modified from standard; they run in three classes; standard Fireblade engine kit cars (class C), up to 135 bhp (class B), 136 to 180 bhp and rear-engined cars (class A).
New for 2004 is a Yokohama control tyre, the A048R.

The Championship is once again sponsored by MDS Battery Ltd.

750 Motor Club 7 Championship

Caterham 7 or Lotus 7, in four classes determined by which engine is fitted, as is the car's minimum weight, in order to equalise performance as much as possible within each class. Engine options include Ford 1700 Xflow, Lotus 1600 Twincam, Vauxhall 2-litre, Rover 1400K & 1600K, Superlight-R, Roadsports 1600K, Academy, Graduate and Super Graduate. Some are not permitted any modifications, others are 'full-house'. Class A permits freedom of braking system (excluding ABS). Classes B, C & D only permit freedom of friction material. Close ratio gears and limited slip differentials are permitted as per the regulations. Control tyre is the Yokohama A032R on a rim width of 6" maximum.
