See over for briefing notes

Lydden Hill.

As you come down Hairy Hill there is a strip of tarmac from the circuit exit road down to Paddock Bend, which is to the left of a white line along the edge of the track.

This strip of tarmac is NOT part of the track.

Any driver observed putting any wheels beyond the white line during the course of practice or race will face possible judicial action from the Clerk of Course.

This meeting is held under the General Regulations of the MSA (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations, Final Instructions and any written instructions which the Organisers issue for the race meeting.
MSA Permit: 23722

750 Motor Club Austin 7 Triple Challenge

Sevens first raced in 1923. Bill Boddy kicked off the **Seven Fifty Motor Club** in 1939 and the first Austin 7 race (Formula 750) took place at Silverstone in 1950. Raceworthy components became scarce and Austin 7 racing declined during the late 1970's.

The **Austin 7 Triple Challenge** is held in celebration of those pioneering days. Thanks to the support of the **Seven Fifty Motor Club**, Austin 7 racers from all eras are once again on the track displaying the traditional spirit of friendly, but resolute, competition. Handicap results are calculated after the finish by applying a performance-related allowance to each car.

Demon Tweaks/Yokohama Stock Hatch Championship

Demon Tweaks and Yokohama tyres are the main sponsors for the Stock Hatch Championship, which in its 7th year continues to be one of the most popular saloon car championships in the UK. Editorial coverage of the championship is to be provided by Track & Race Car magazine. Modifications are strictly limited to basic rebore and blueprinting along with the use of standard gearbox; ignition systems are 'free'; suspension mods are limited to lowering and uprating of springs and dampers; brakes remain standard with free pad materials; a 'control' Yokohama A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

There are 3 practice sessions for Stock Hatch. From the combined times of those sessions, the slowest 42 will be split alternately into Races 2 & 3, the remainder going through into Race 9; spaces on the back of that grid will be filled by taking alternately the top finishers in Races 2 and 3. For Sunday's races (13/14/19), the same system will be used but utilising the drivers' 2nd fastest time in qualifying. Saturday's races are 15 minutes and Sunday's are 20 minutes.

'Trump Card' 750 Formula Championship

750 Formula is for lightweight two-seater sports racing cars, originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis/ suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.

MDS Battery RGB Championship

First introduced in 2001, the 750 Motor Club's RGB Championship is for two-seater cars which must be road legal and capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engine cars currently available from a wide range of kit car manufacturers. The engines must be series-production four-stroke units and may not be modified from standard; they run in three classes; standard Fireblade engine kit cars (class C), up to 135 bhp (class B), 136 to 180 bhp and rear-engined cars (class A).

New for 2004 is a Yokohama control tyre, the A048R.

750 Trophy Series

The 750 Motor Club's 'Historic' racing series, for early 750 Formula, Austin 7 specials, 1172cc side-valve front-engined cars, Historic 500cc F3 cars and other historic and classic cars. New cars have to be built within careful guidelines to ensure compatibility.

Engines include Austin 7, Reliant engines (642cc and 748cc OHV, 747cc side-valve), Ford 1172 side-valve and Climax; F3 500cc class must comply with 500 OA.

Demon Tweaks/Yokohama Hot Hatch Championship

'Hatchbacks', available for sale in the UK (class A cars for at least three years prior to the current season). 'Homologation Specials' are not permitted. There are three classes which include:- up to 1400cc multi-valve, up to 1600cc two valve and 1601 – 2000cc.

Equality of performance is maintained by the amount of engine tuning permitted and by the ballasting of winning cars. Engines must be the original (type) fitted to the car; varies from simple 'blueprinting', to changing pistons, valves, carbs & exhaust, dependant upon class. Springs and dampers are free, including coil-overs, provided they utilise the original pick-up points. The original gearbox must be used; close-ratio gears are OK in class A. Final drive ratio is free. LSD or similar is not permitted. All cars run on the Yokohama A032R or 510; rim width is free provided they fit within the standard bodywork.

Marshalling

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times.

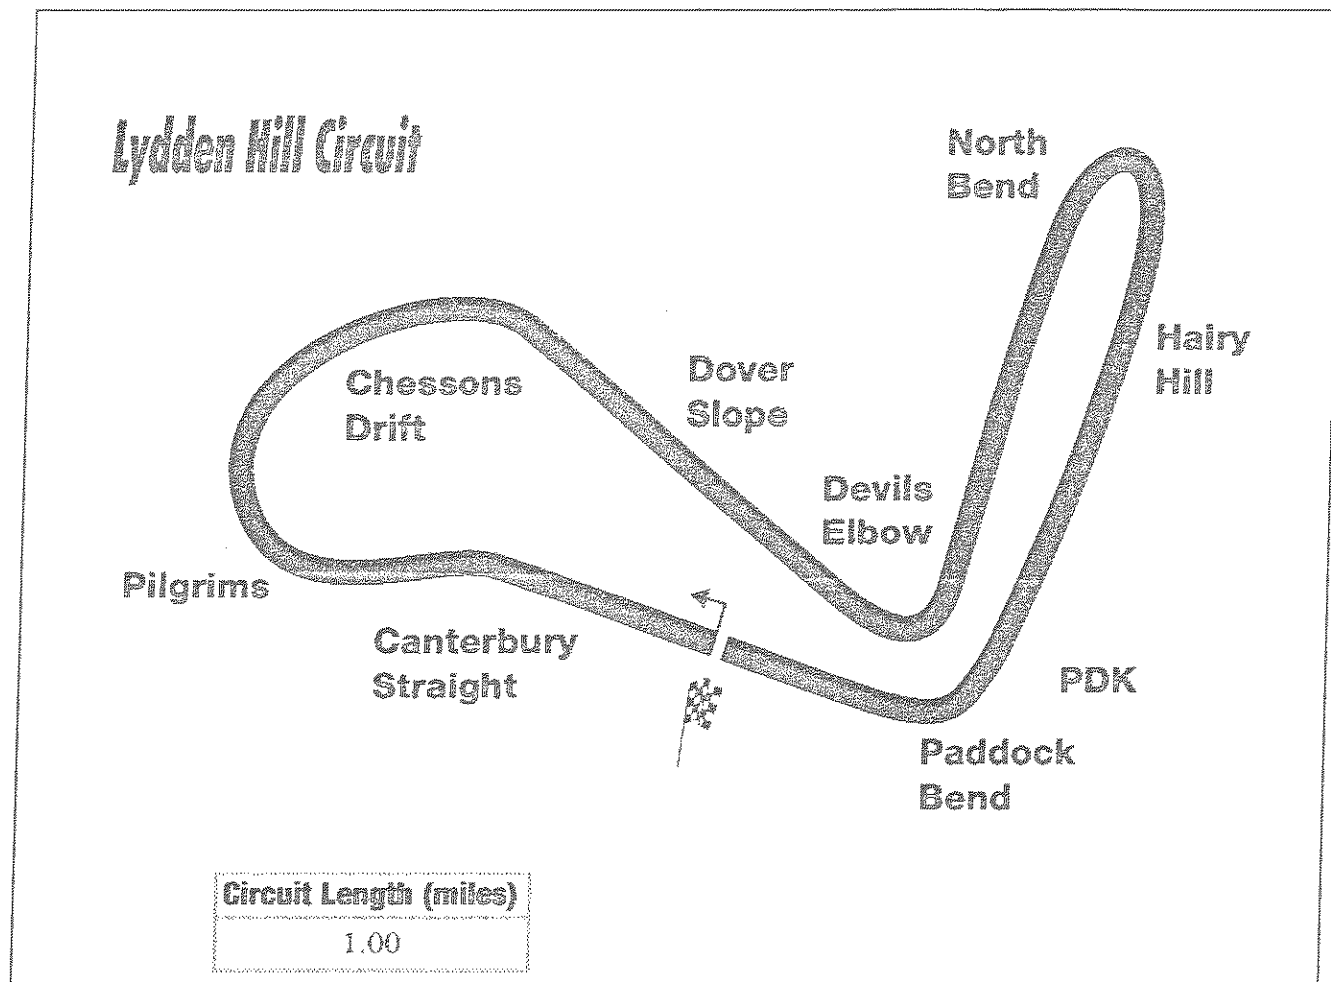

Course, Incident, Flag, Observer, Pits, Paddock, Assembly, Race Rescue Unit - all these basically come under the umbrella of marshalling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Observer or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its 28 race days, plus Sprints, Trials, the Formula Student event, the Shell Eco-Marathon and the London-to-Brighton run, the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling (remembering that Novice drivers can get a licence-upgrading signature for doing just one day's marshalling), please contact the Club's Chief Marshal:-
