750 Motor Club Formula Vee Championship

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

Demon Tweaks/Yokohama Stock Hatch Championship

The Stock Hatch Championship, is in its 8th year & continues to be the most popular championship in the UK. Modifications are strictly limited to basic rebore and blueprinting along with the use of standard gearbox; ignition systems are 'free'; suspension mods are limited to lowering and uprating of springs and dampers; brakes remain standard with free pad materials; a 'control' Yokohama A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

Roadsports

If it's a sportscar produced in a reasonable volume, it's probably eligible. Power outputs will vary between 100bhp in the small class, to getting on for 350+bhp in the big V8s.

7s

Four classes determined by which engine is fitted, as is the car's minimum weight, in order to equalise performance as much as possible within each class.

Bike-Sports

caters for sports-racing cars of any make, fitted with a production motorbike engine and gearbox. It is divided into classes based upon the engine size.

750 Motor Club 750 Formula Championship

750 Formula is for two-seater sports racing cars, introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.

Historic Club Racing & Sports Car Handicap

Sevens first raced in 1923. Bill Boddy kicked off the Seven Fifty Motor Club in 1939 and the first Austin 7 race (Formula 750) took place at Silverstone in 1950. Raceworthy components became scarce and Austin 7 racing declined during the late 1970's. The Austin 7 Triple Challenge is held in celebration of those pioneering days. Austin 7 racers from all eras are once again on the track displaying the traditional spirit of friendly, but resolute, competition. Handicap results are calculated after the finish by applying a performance-related allowance to each car.
