750 Motor Club Toyota MR2 Championship

The 750 Motor Club Toyota MR2 Championship is new for 2008 & is for production based sports cars run as near standard specification as possible allowing for safety requirements. There are separate classes. Class A for the Mk1 and class B for the Mk2. Very few modifications from standard are allowed to keep costs down and maintain its aims as a budget series. All cars run on a control Toyo tyre and there are minimum weights in classes to even out the performance.

AB Performance RGB Championship

First introduced in 2001, this Championship is for two-seater cars which must be capable of passing an MOT. Cars may be constructed specifically for the series or may be one of the many motorcycle engined cars currently available. The engines must be series-production four-stroke units and may not be modified from standard; they run in three classes; standard Fireblade engined kit cars (class C), up to 145 bhp (class B), 146 to 180 bhp and all rear-engined cars (class A). Control tyre is the Yokohama AO48R.

Demon Tweeks/Yokohama Stock Hatch Championship

The Stock Hatch Championship, is in its 11th year & continues to be the most popular championship in the UK. Modifications are strictly limited to basic rebore and blueprinting along with the use of standard gearbox; ignition systems are 'free'; suspension mods are limited to lowering and uprating of springs and dampers; brakes remain standard with free pad materials; a 'control' Yokohama tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

Premier Choice Group 750 Formula Championship

750 Formula is for two-seater sports racing cars, introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits. There are two engine options, either the highly tuned Reliant 850cc or the unmodified Fiat 'FIRE' 1108cc, the latter introduced in 2003 due to the diminishing supply of spares for the Reliant engine. All cars run on a control Yokohama slick tyre.

750 Motor Club Golf GTI Championship

During 2007, the 750 Motor Club ran a series of races for the Mk2 VW Golf GTI as a 'trial' for a future championship. Interest in the series and the number of competitors were sufficient to allow the Club to be granted championship status for 2008, which is an exceptionally short gestation period in racing terms. Both the 8 valve (class 1) and 16 valve (class 2) versions are eligible and run to minimum weights. Tuning is very restricted – a 'control' Newman camshaft, 'control' Toyo tyres, uprated suspension, standard gearbox – and the racing is close.

750 MC **SAXMAX** Championship

Introduced in 2006, this is the 750 Motor Club's championship for Junior drivers, aged 14 – 17 years. The car chosen is the Citroen Saxo VTR with very strict limitations on tuning and very specific safety features in accordance with MSA and FIA standards. The cars run with a control Piper camshaft, a control ECU and all run on the Yokohama C Drive tyre supplied by George Polley Motorsport.
