FORMULA VEE is a single-seater formula of free chassis design based upon original Volkswagen mechanical components and was first run in the UK in 1967. The championship is an ideal formula for both the beginner and the more experienced looking for competitive single seater racing on a low budget.

VW parts used include the 1300cc air-cooled engine, the Type 1 gearbox with specific ratios, the front and rear suspension and the braking systems; all these are controlled within the regulations and help to keep running and preparation costs affordable.

The KIT CAR CHAMPIONSHIP is for genuine roadgoing kit cars as recognised by the Club. Cars must be front-engined, run on road tyres and have a current MoT. Run in three engine-capacity classes of up to 1350ccs, 1351 to 1660ccs and 1661 to 3528ccs maximum, all engines must be genuine production engines and tuning is quite limited. Many of the cars are also used by their owners on the road and this is an ideal formula for the driver who wants to construct his own vehicle from a proven design.

RACE 4: FORMULA 1300 was introduced by the Club in 1954 as being the 'big-brother' to 750 Formula and is for two-seater sports-racing cars. Many cars are home designed and built, others being proprietary front or rear engined cars. Over the years various engines have been used.

Class A cars run either 1300 crossflow or 1600 CVH engine; Class B is for Sports 2000 cars; Class C is for Multisports cars with permitted modifications.

RACE 5: The HOT HATCH CHAMPIONSHIP was started in 1993 and has proved very popular. The regulations allow any listed Hatchback car available for sale in the UK three or more years ago, up to a maximum of 1600 ccs, with a class split at 1400ccs. Multi-valved engines up to 1400 ccs go into the 'big' class. Minor engine modifications & suspension tuning is permitted and, apart from safety regulations, are identical to road cars. MoT is required and all cars run on a MARSHAL 767 tyre. Close and entertaining racing is guaranteed from this 'low cost' formula.

FORMULA 4, the Club's 'slicks and wings' single-seater formula, caters for the amateur designer/constructor in Class A where there are no chassis restrictions and engines are either the Ford 1300 crossflow or the 1600CVH; some cars are converted F3 or FF1600/FF2000, others are highly successful designs by the driver himself. Class B permits pre 1982 FF2000 cars. The combination provides very close racing, demands technical skill in preparation and setting-up and yet is still available within budgets lower than those usually expected for this type of racing. The Championship is supported by YOKOHAMA TYRES in 1995.

The ROADSPORTS Championship is probably the Club's most popular formula, catering for genuine production sports cars (as approved by the Club). Engine modifications are free within controlled limits, alterations to suspension and braking systems are permitted, tyres must be road legal and all cars must have a current MoT certificate.

There are 6 classes: up to 1330 cc; 1331-1600 twin cam and 1331-2500 single cam; 1601-2500 twin cam and 2501-3000 single cam; 2501+ twin cam and 3000+ single cam; Caterham K series cars; Lotus 7 and Caterham 7 with 1700 crossflow, 1600 twin cam or 2000 Vauxhall engine.

**RACE No. 8****10 LAPS****NEWY JEWELLERS
SUPERSPORTS CHAMPIONSHIP**

No.	CLASS	DRIVER	CAR DETAILS	CCS	HOMETOWN	CLUB
4	A	Reg WOODCOCK	Westfield 1	4000	Solihull	750

51	A	Steve NEWY	Westfield SEi	2100	Four Oaks	750
83	B	Dave GREEN	Daren Mk2	2000	Newport Pagnell	750

The SUPERSPORTS CHAMPIONSHIP once again enjoys support from NEWY'S JEWELLERY CENTRE of BIRMINGHAM and is for more modified kit cars. Front- or rear-engined cars are eligible, with racing gearboxes, multi-valved engines and slick tyres. The engine capacity classes are:- up to 1350ccs 2 valves, up to 1660ccs 2 valves, 1661-2100 2 valves and up to 1450ccs multi-valve, and the 'big' class is 2101 - 4076cc 2 valves and up to 2100ccs multi-valve.

New for 1995 is an Invitation class running with, but not part of, the Championship.
