Formula Vee is the ideal championship for beginner and expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Cars can be bought fully constructed, in kit' form, designed and built by the driver or hired ready to go. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop control' tyre puts the emphasis on driver ability to win races.

Mini racing provides not only close exciting racing for 'grassroots' competitors, but it is also the longest continuous one-make formula to be found in British motor racing - the original series began in 1965. Coordinated by the Mini Seven Racing Club, the Unipart DCM supported national challenge feature Mini Seven cars running 1000 cc engines and the more modified Miglia cars running 13200 cc engines. The Winter Mini Challenge is an out-of-season series for the same cars, also sponsored by Unipart DCM.

The 1996 Radical Tan RoadSports Championship is the most varied and competitive sports car category in the country, attracting cars from four decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With four carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. All cars must have a current MoT and run on road legal tyres, but considerable engine tuning and modifications to suspension and brakes are permitted.

The 1996 Yokohama Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, running to the former FF2000 regulations.

The 1996 Advent Multimedia Seven Challenge is for the two Caterham / Lotus 7 classes from the successful Roadsports championship run for many years by the 750 MC. Class E is for 1600cc Xflow engine cars from the Caterham Classic Scholarship series and cars from the Caterham K Series. Class F is for the more modified 1700cc Xflow, Lotus twincam and Vauxhall 2 litre cars, with specified engine modifications to give equivalent power outputs. Clean, close and competitive racing is assured from these road legal versions of "Colin Chapman's four wheel motorbike".

Demon Tweeds and Yokohama tyres, in association with Fast Car Magazine, are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc (or 1400 multi-valve). Cars must have a current MoT, are allowed relatively limited engine and suspension modifications, standard pattern brakes and all must use the Yokohama A510 control' tyre. This together with a weight penalty for leading cars ensures close and competitive racing without excessive budgets.

Today's meeting is organised by the 750 Motor Club, with all the officials being motor racing enthusiasts who participate in their spare time. The Marshals are unpaid volunteers, who give a lot of time and effort to Motor Racing. If you are interested in marshalling, please fill in and return the coupon below.

To: Robin Knight,
750 Motor Club Competition Secretary,
West View, New Street,
STRADBROKE, Eye, Suffolk IP21 5JG

PLEASE SEND ME FURTHER DETAILS ON MARSHALLING:
