The 1996 Advent Multimedia Seven Challenge is for the two Caterham / Lotus 7 classes from the successful Roadsports championship run for many years by the 750 MC. A wide range of power units is permitted in these road legal cars, with modifications controlled to give close, clean and competitive racing.

The 1996 Yokohama Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, running to the former FF2000 regulations.

The 750 Trophy Series was started in 1994 as a number of one-off non-championship races, sprints and hillclimbs for Austin Seven based cars, supported by other cars of historic interest and similar performance. For 1996 the Series enjoys sponsorship from Lotus Cars. As in the former pre-war Austin 7 Championship, Austin Sevens will compete in three classes:- Austin Seven sports and racing cars, post-war specials and early 750 Formula cars with Austin Seven engines/gearboxes. To provide support, cars will be invited from the old 1172 Formula along with vintage, PVT and historic cars such as 500cc Formula 3, MGs, Rileys, HRG, Jowetts and other similar vehicles.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula. The championship is supported by WESPREY CASTINGS of Willenhall, whose foundry produces a wide range of aluminium castings for both general and automotive use, including 'one-off' productions.

The 1996 Radical Tan Roadsports Championship is the most varied and competitive sports car category in the country, attracting cars from four decades and over ten different manufacturers, with four carefully chosen class structures to ensure close competition for everyone.

The ACS Limited Kit Car Championship is for road legal front-engined Kit Cars. The engine regulations allow considerable freedom whilst to control costs there are limitations on the design of rear suspension, transmission and on the use of spherical bearings. There are two classes, up to 1660 cc and 1661 - 3500 cc. ALBION CONSULTANCY SERVICES of Dunstable specialise in computer and management consultancy, in development of hardware and software and in Japanese language consultancy.

Demon Tweeks and Yokohama tyres, in association with Fast Car Magazine, are the main sponsors for this year's Hot Hatch Championship. Limited engine and suspension tuning, a 'control' Yokohama A510 tyre and a weight penalty for leading cars ensures close racing.

The 1996 BEATTIES Formula 1300 Championship is for two seater sports racing cars, run in 3 classes. Class A allows the amateur designer/constructor virtually unlimited freedom of chassis and suspension design and uses either the 1300 Xflow or 1600 CVH engine; proprietary front and rear engined cars are permitted, subject to age restrictions, such as Mallocks and Sports 2000 cars. Class B is for cars running to Sports 2000 regulations and Class C is for former Multisports cars. BEATTIES is the country's leading chain of high street model and hobby stores, with over 70 outlets nationwide.

The MGCC Anglia Phoenix Challenge is for all MG Marque cars, running in 5 classes:-

A - for modified cars running on slick tyres.

B - for modified cars running on road tyres.

C - for roadgoing MGA, MGB, MGC, 'T' types, MG1100/1300 saloons, Midgets & Sprites, running on road tyres.

D - for roadgoing Metro 1300 running on road tyres.

E - for modified Metro/Metro Turbo cars running on slick tyres.
