The HELLA Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

Demon Tweeks, Yokohama tyres and Cars & Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which includes a new Stock Hatch class which attracts a wide range of popular hatchback cars of up to 1600cc (or 1400 multi-valve). Cars are allowed no modifications to engine or gearbox, limited suspension modifications, standard pattern brakes and all must use the Yokohama A510 'control' tyre. This together with a weight penalty for leading cars ensures close and competitive racing within very reasonable budgets.

Race 4**10 Laps****Beatties 1997 ClubSports 2000 Championship**

The 1997 BEATTIES ClubSports 2000 Championship is for two seater sports racing cars, run in 3 classes. Class A allows the amateur designer/constructor virtually unlimited freedom of chassis and suspension design and uses either the 1300 Xflow or 1600 CVH engine; proprietary front and rear engined cars are permitted, subject to age restrictions, such as Mallocks and Sports 2000 cars. Class B is for cars running to Sports 2000 regulations and Class C is for former Multisports cars. BEATTIES is the country's leading chain of high street model and hobby stores, with over 70 outlets nationwide.

The 1997 GoldArts/Lotus 7 Club Caterham Challenge is for the three Caterham / Lotus 7 classes from the successful Roadsports championship run for many years by the 750 MC. A wide range of power units is permitted in these road legal cars, with modifications controlled to give close, clean and competitive racing.

The 1997 Yokohama Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, class C for pre Dec '80, running to the former FF2000 regulations.

The SUPERSPORTS championship was expanded for 1996 and the range of vehicles eligible includes two seater sports-racing cars and cars based on two seater Kit cars and Sportscars. One-off designs are permitted, but the use of single seater chassis is not allowed. The range of tuning is virtually unlimited except that forced induction is not permitted. Cars run in three classes:- up to 2100 cc multivalve; up to 2100 cc two valve per cylinder; over 2100 cc two valve per cylinder.

The ACS Limited Kit Car Championship is for road legal front-engined Kit Cars. The engine regulations allow considerable freedom whilst to control costs there are limitations on the design of rear suspension, transmission and on the use of spherical bearings. There are two classes, up to 1660 cc and 1661 - 3500 cc. ALBION CONSULTANCY SERVICES of Dunstable specialise in computer and management consultancy, in development of hardware and software and in Japanese language consultancy.
