	87	Paul Mitson	Scarab	1300	Cookham Dean	750
	99	John Parry	Scarab Mk2	1300	Hawarden	750

The above drivers will take part in practice session 2; those listed as Race 5/1 will take part in practice session 3. From the combined practice times, the slowest 24 will go into Race 1. The remainder will go into Race 5 and any spaces left on the back of that grid will be filled by the top finishers in Race 1.

If space becomes available for reserves prior to publication of grid sheets, then they will be gridded according to their practice time. If space becomes available after publication of grid sheets, they will start from the back of the grid but without any time penalty. (Championship regulation 3.1.8.)

The REMARC Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 1999, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.

H.R. OWEN

H.R. OWEN PLC

The H.R. Owen Roadsports Championship is the most varied and competitive sports car category in the country, attracting cars from four decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With five carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. All cars must run on road legal tyres, but considerable engine tuning and modifications to suspension and brakes are permitted in classes A, B & C.

The Kit Car Championship, sponsored by The Grass Roots Group PLC, is for road legal front-engined Kit Cars. The engine regulations allow considerable freedom whilst there are limitations on the design of rear suspension and transmission. There are three classes, A - up to 1660 cc, B - 1661 to 3500cc and, new for 1999, class C - 1800 Ford Zetec.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

The 750 Motor Club Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, class C for pre Dec '80, running to the former FF2000 regulations.
