The H.R. Owen Roadsports Championship is the most varied and competitive sports car category in the country, attracting cars from four decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With five carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. All cars must run on road legal tyres, but considerable engine tuning and modifications to suspension and brakes are permitted in classes A, B & C.

The top 14 finishers in this race go through to Race 6.

The REMARC Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Cars can be bought fully constructed, in 'kit' form, designed and built by the driver or hired ready to go. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 1999, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.

Cars 64 - 99 will be in the 3rd Stock Hatch practice session.

From those 3 sessions, the fastest 28 will be in Race 8, the next fastest 28 will be in Race 11 and the remainder in Race 12.

Demon Tweeks, Yokohama tyres & Cars & Car Conversions magazine are the main sponsors for the Stock Hatch Championship, which in only its 2nd year continues to be one of the most popular saloon car championships. The use of standard engine & gearbox, a 'control' Yokohama A510 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.
