Championship permit number CH99140. The combination of the Jim Russell Racing Drivers School tuition skills and the BRDC's commitment to young driver training programme and the superbly prepared cars provide the very best start in motor sport. Following an intensive training programme the drivers progress to their first circuit race and can continue afterwards in the Goldline Bearings Formula Vauxhall Supercup.

In 1949, as his first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

*All cars practice. Reserves to replace any cancellations / non-qualifications in Reserve Order.*

Demon Tweek, Yokohama Tyres, HRC, CCC, Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A510 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

variety, attracting cars from four decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With five carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. All cars must run on road legal tyres, but considerable engine tuning and modifications to suspension and brakes are permitted in classes A, B & C.

The fastest 34 from the above go into Race 14.

Kingston, the owner of the fastest of the 34 who's club is the 750 and it's probably the cheapest way to do single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 1999, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.
