87	Paul Mitson	Sheane	1300	Cookham Dean	750
89	Dean Taylor	Formula Vee	1300	Wakefield	750
91	Pete Smith	Formula Vee	1300	Wolvercote	750
99	John Parry	Scarab Mk2	1300	Hawarden	750

The above drivers will take part in the 1st Vee practice session, those as Race 3 will be the 2nd Vee session. From the combined practice times, the slowest 34 will go into Race 1, the remainder make up the front of the grid for Race 3 and the remaining spaces are filled by the top finishers in Race 1.

The REMARC Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 1999, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.

Demon Tweeks, Yokohama tyres and Cars & Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A510 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

Races 3/1 & 9/7

The selection for Races 1 or 3 is as per the detail on 'Race 1' page. For Races 7/9, selection will be made from the drivers fastest recorded race lap in Race 1 or 3, the slowest 34 going into Race 7 and the remainder forming the front of the grid for Race 9 and the spaces being filled by the top finishers in Race 7.

The REMARC Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 1999, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.

The Kit Car Championship, sponsored by The Grass Roots Group PLC, is for road legal front-engined Kit Cars. The engine regulations allow considerable freedom whilst there are limitations on the design of rear suspension and transmission. There are three classes, A - up to 1660 cc, B - 1661 to 3500cc and, new for 1999, class C - 1800 Ford Zetec.

RON CHAMPION

The 750 Motor Club Locost Series is new for 1999 and is being promoted by the 750 Motor Club to encourage newcomers to construct and race a car, built to a standard specification, very much in line with the 'ethos' of the Club. The 'Locost' was originally designed by Ron Champion, a teacher at Oundle School in Peterborough, as a project for his technology pupils. Such was the success that over 50 have been constructed within the school, a very popular book has been published and it is intended that this should be yet another of the 750 Motor Club's formulae aimed squarely at getting people involved in Motorsport.
