Demon Tweeks, Yokohama tyres and Cars & Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A510 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

The 750 Trophy Championship is for Austin Seven based cars, supported by other cars of historic interest and similar performance. As in the former pre-war Austin 7 Championship, Austin Sevens will compete in three classes:- Austin Seven sports and racing cars, post-war specials and early 750 Formula cars with Austin Seven engines/gearboxes. In two further classes are cars from the old 1172 Formula along with vintage, PVT and historic cars such as 500cc Formula 3, MGs, Rileys, HRG, Jowetts and other similar vehicles.

The Radical Enduro Championship is new for 1999 and is solely for the 'Radical Clubsport' sports-racing cars which started within the 750 MC Clubsports 2000 championship in 1998. All cars run with the 1100cc Kawasaki engine and gearbox and, with the exception of minor suspension changes, are identical which makes for close and exciting racing.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

The Kit Car Championship is for road legal front-engined Kit Cars. The engine regulations allow considerable freedom whilst there are limitations on the design of rear suspension and transmission. There are three classes, A - up to 1660 cc, B - 1661 to 3500cc and, new for 1999, class C - 1800 Ford Zetec.

The 750 Motor Club Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, class C for pre Dec '80, running to the former FF2000 regulations.
