69	John Ballentyne	Locost	1300	Colchester	750

The 750 Motor Club Locost Series was started in 1999 and is being promoted by the 750 Motor Club, with sponsorship from Haynes Publishing, to encourage newcomers to construct and race a car built to a standard specification, very much in line with the 'ethos' of the Club. The 'Locost' was originally designed by Ron Champion, a teacher at Oundle School in Peterborough, as a project for his technology pupils. Such was the success that over 50 have been constructed within the school, a very popular book has been published and it is intended that this should be yet another of the 750 Motor Club's formulae aimed squarely at getting people involved in Motorsport.

44	A	Martin Rogers	Fiesta XR2	1600	Maidenhead	750

Entry List is continued on next page.

Another massive entry for Stock Hatch necessitates 3 separate practice sessions and grids. The practice sessions are denoted by the letter in the column. From the three practice sessions the grids for the 3 races on Sunday will be decided by times achieved, and the numbers of qualified competitors will be divided into 3 similarly sized grids. For the Monday races, the grids will be decided by the fastest lap recorded by competitors in their Sunday race.

Demon Tweaks, Yokohama tyres & Cars & Car Conversions magazine are the main sponsors for the Stock Hatch Championship, which in only its 3rd year continues to be one of the most popular saloon car championships. The use of standard engine & gearbox, a 'control' Yokohama A510 / A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

Demon Tweaks, Yokohama tyres and Cars & Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A032R or A510 'control' tyre. This together with a weight penalty for leading cars ensures close racing

62	E	John Dent	Cooper Mk VI	500	Whitland	750

The 750 Trophy Championship is for Austin Seven based cars, supported by other cars of historic interest and similar performance. As in the former pre-war Austin 7 Championship, Austin Sevens will compete in three classes:- Austin Seven sports and racing cars, post-war specials and early 750 Formula cars with Austin Seven engines/gearboxes. In two further classes are cars from the old 1172 Formula along with vintage, PVT and historic cars such as 500cc Formula 3, MGs, Rileys, HRG, Jowetts and other similar vehicles.

The Kit Car Championship, sponsored by The Grass Roots Group PLC, is for road legal front-engined Kit Cars. The engine regulations allow considerable freedom whilst there are limitations on the design of rear suspension and transmission. There are three classes, A - up to 1660 cc, B - 1661 to 3500cc and class C - 1800 Ford Zetec.

The 750 Motor Club Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, class C for pre Dec '80, running to the former FF2000 regulations.

61	Andy Crockett	Radical Clubsport	1100	Redditch	750
77	Graham Onion	Phantom P94	2000	Hixon	750

The 750 Motor Club Sports 2000 Championship is for front or rear engined two seater sports racing cars using a wide variety of engines (Ford Zetec, 1700cc Ford Xflow, Ford YAC, Ford 'Pinto', Vauxhall 1.6v 2 litre, Rover 1600 'K' series and production motorcycle engines of up to 146 bhp). Cars may be converted Sports 200, Clubmans, Vauxhall Supersports or other proprietary makes, plus purpose-built specials such as the WEV. To help even-out performance differences there are minimum weights for each category and the top three in each race will be awarded ballast for future races.
