The REMARC Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 2000, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.

Demon Tweeks, Yokohama tyres and Cars & Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A032R or A510 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.
