98	Craig Higgins	Sheane	1300	Brentford	750
99	John Parry	Scarab Mk2	1300	Hawarden	750

There are two separate practice sessions for the Formula Vee entries listed on these pages. From the combined practice sessions, the slowest 30 go into Race 1, the Heat, the remainder going through into the Final, Race 4. The grid for Race 4 will be filled by the top finishers in Race 1.

The REMARC Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 2000, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.

The 750 Motor Club Sports 2000 Championship is for front or rear engined two seater sports racing cars using a wide variety of engines (Ford Zetec, 1700cc Ford Xflow, Ford YAC, Ford 'Pinto', Vauxhall 16v 2 litre, Rover 1600 'K' series and production motorcycle engines of up to 146 bhp). Cars may be converted Sports 200, Clubmans, Vauxhall Supersports or other proprietary makes, plus purpose-built specials such as the WEV. To help even-out performance differences there are minimum weights for each category and the top three in each race will be awarded ballast for future races.

H.R. OWEN

H.R. OWEN PLC

The H.R. Owen Roadsports Championship is the most varied and competitive sports car category in the country, attracting cars from five decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With four carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. All cars must run on road legal tyres, but considerable engine tuning and modifications to suspension and brakes are permitted in classes A, B & C. Class D is for TVR Tasmis.

Demon Tweeks, Yokohama tyres and Cars & Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A032R or A510 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

The 750 Motor Club Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, class C for pre Dec '80, running to the former FF2000 regulations.

FOR LOTUS & CATERHAM SEVEN ENTHUSIASTS

The 2000 GoldArts/Lotus 7 Club 7 Championship is for Caterham / Lotus 7 running in 4 classes. Class C is for controlled 1400cc K Series and former Classic/Scholarship cars with 1600 Xflow or Vauxhall engined cars. All have to run on a choice of Yokohama tyres and a minimum weight of 600 kgs including the driver. The championship enjoys support from Goldarts Jewellers & the Lotus 7 Club.
