69	John Ballentyne	Locost	1300	Colchester	750

The 750 Motor Club Locost Series was started in 1999 and is being promoted by the 750 Motor Club, with sponsorship from Haynes Publishing, to encourage newcomers to construct and race a car built to a standard specification, very much in line with the 'ethos' of the Club. The 'Locost' was originally designed by Ron Champion, a teacher at Oundle School in Peterborough, as a project for his technology pupils. Such was the success that over 50 have been constructed within the school, a very popular book has been published and it is intended that this should be yet another of the 750 Motor Club's formulae aimed squarely at getting people involved in Motorsport.

91	Steven Groom	Fiesta XR2	1600	Walkern	750

Demon Tweeks, Yokohama tyres & Cars & Car Conversions magazine are the main sponsors for the Stock Hatch Championship, which in only its 3rd year continues to be one of the most popular saloon car championships. The use of standard engine & gearbox, a 'control' Yokohama A510 / A539 tyre and a weight penalty for leading cars ensures close racing at very affordable cost.

Race 4/8 & 11/15 10 Laps

Demon Tweeks/Yokohama/CCC Stock Hatch Championship

The 750 Motor Club Sports 2000 Championship is for front or rear engined two seater sports racing cars using a wide variety of engines (Ford Zetec, 1700cc Ford Xflow, Ford YAC, Ford 'Pinto', Vauxhall 16v 2 litre, Rover 1600 'K' series and production motorcycle engines of up to 146 bhp). Cars may be converted Sports 200, Clubmans, Vauxhall Supersports or other proprietary makes, plus purpose-built specials such as the WEV. To help even-out performance differences there are minimum weights for each category and the top three in each race will be awarded ballast for future races.

H.R. OWEN

H.R. OWEN PLC

The H.R. Owen Roadsports Championship is the most varied and competitive sports car category in the country, attracting cars from five decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With four carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. All cars must run on road legal tyres, but considerable engine tuning and modifications to suspension and brakes are permitted in classes A, B & C. Class D is for TVR Tasmins.

The REMARC Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races. For 2000, the championship has support from REMARC TECHNOLOGIES who specialise in computer software training courses.

H.R. OWEN

H.R. OWEN PLC

The H.R. Owen Roadsports Championship is the most varied and competitive sports car category in the country, attracting cars from five decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With four carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. All cars must run on road legal tyres, but considerable engine tuning and modifications to suspension and brakes are permitted in classes A, B & C. Class D is for TVR Tasmins.

Timetable - Sunday 13th August

Demon Tweeks, Yokohama tyres and Cars & Car Conversions Magazine are the main sponsors for this year's Hot Hatch Championship which attracts a wide range of popular hatchback cars of up to 1600cc. Cars are allowed engine and suspension modifications, standard pattern brakes and all must use the Yokohama A032R or A510 'control' tyre. This together with a weight penalty for leading cars ensures close racing without excessive budgets.

The 750 Motor Club Formula 4 Championship provides the technical sophistication of slicks and wings in an affordable single seater championship. Class A allows any design of chassis and caters for the designer/constructor as well as for cars converted from F3, FFord, FF2000 and Formula Renault; all must use either 1300 Xflow or 1600 CVH Ford engines. Class B is for FF2000 cars built prior to October 1983, class C for pre Dec '80, running to the former FF2000 regulations.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

The 750 Trophy Championship is for Austin Seven based cars, supported by other cars of historic interest and similar performance. As in the former pre-war Austin 7 Championship, Austin Sevens will compete in three classes:- Austin Seven sports and racing cars, post-war specials and early 750 Formula cars with Austin Seven engines/gearboxes. In two further classes are cars from the old 1172 Formula along with vintage, PVT and historic cars such as 500cc Formula 3, MGs, Rileys, HRG, Jowetts and other similar vehicles.
