The above drivers will be in the 1st Vee practice session; those on the next page will be in the 2nd session. From the combined practice times, the slowest 26 will go into the Heat (Race 1), the remainder forming the front part of the grid for the Final (Race 5).

Spaces on the back of that grid will be filled by the top finishers in Race 1.

The 750 Motor Club Formula Vee championship is ideal for beginner and 'expert' alike, looking for competitive single seater racing on a low budget. It has been run by the 750 Motor Club since 1980 and is probably the cheapest way to go single seater racing in the UK. Engine, gearbox and much of the suspension and braking system is from the VW 1300 Beetle and this, along with a Dunlop 'control' tyre puts the emphasis on driver ability to win races.

The Roadsports Championship, sponsored in 2001 by **KELSport** and **Club Lotus** is the most varied and competitive sports car category in the country, attracting cars from five decades, over ten different manufacturers and has in excess of 110 eligible models of sports cars currently listed. With carefully chosen class structures to ensure close competition for everyone, even cars from one-make series will find a place with more interesting competition. **KELSport** is the racing side of long-term Lotus dealers Kelvedon Motors of Spalding, Lincolnshire, run by Lotus 'guru' Pat Thomas who races an Exige in this year's championship.

750 Formula is for lightweight two-seater sports racing cars and was originally introduced by the 750 MC in 1949, as its first racing formula. The regulations provide ample scope for the budding amateur to design and build his own car, and to develop his skills in chassis / suspension design and engine tuning within carefully controlled limits; alternatively there are often suitable cars available for sale from within the formula.

Race 9**15 Laps****Closed Wheel Allcomers Race**

Entries for this additional race will be taken from competitors in today's Kelsport/Lotus Club Roadsports Championship, Goldarts 7 Championship, grg.com Kit Car Championship and the 750 MC Roadgoing Bike-engined series, plus any other suitable cars on road legal tyres.
